## PAST STATE DIRECTOR

Tom Smithson, Retired  
SCATS Center  
CSU, Sacramento

Congratulations to you and your team for advancing to the NorCal Science Olympiad State Finals! The event is scheduled for Saturday, April 14, 2018 at CSU, Stanislaus, 1 University Circle, Turlock 95382.

The California Science League is the proud sponsor of the event. California State University Stanislaus in Turlock is the host site and a Major Sponsor. The NorCal Science Olympiad Regional Directors have planned an exciting, busy, and energetic day of science and would like to share the following information with you to ensure a positive experience for all.

Please share the following information with your team participants and spectators:

- As visitors, it is important that we leave the campus as we found it. Please be sure that whatever you do not take with you upon leaving is placed in the refuse cans around the campus.
- Tables or chairs should not be removed from buildings without permission of the tournament directors.
- Open flame barbeques are not allowed anywhere on campus.
- Students causing damage to classrooms, buildings, restrooms, and the campus grounds will be cause to disqualify the team from the tournament.

Please see the campus map indicating locations in which teams can set up their meeting area. A team set up in an area not indicated on the map will be asked to move to a pre-approved area.

If you have questions, please contact your Regional Director.

Enjoy a day of Science!
